On January 10, 2013 at 9:13 PM, Fayette County Sheriff's Deputies responded to a home invasion on Imperial Way. The victims had just arrived home and were preparing dinner when they heard a commotion at the back door. Two armed black males entered the home and bound the owners. The males were dressed in dark colored clothing and wore masks on their faces. They were in the home for a short period of time and took property from the homeowner before leaving. Once the victims were able to free themselves, they called 911 and deputies responded to the call for help. Once on scene, K-9 officers conducted a search of the area but it was apparent the perpetrators had fled the scene.
